

European Association on Antennas and Propagation

Institute of Atmospheric Physics Prague

Bocni Street II/1401,
141 31 Praha 4, Czech Republic

Web page:

www.ufa.cas.cz

Contact: Assoc. Prof. Ondrej Fiser, Ph.D.

Phone: +420 272016038

E-Mail: ondrej@ufa.cas.cz

Research Topics:

Propagation of radiowaves on satellite links

Propagation of radiowaves on terrestrial links

Propagation on FSO links

European Association on Antennas and Propagation

Czech Technical University in Prague
FEE, Dept. of Electromagnetic Field

Technicka 2
166 27 Praha 6, Czech Republic

Web page:

<http://optics.elmag.org>

Contact: Assoc. Prof. Stanislav Zvanovec

Phone: +420 224355966

E-Mail: xzvanove@fel.cvut.cz

Research Topics:

Free-space optics (FSO):

- terrestrial networks FSO and RF hybrid networks
- Earth-to-Space optical links
- visible light communications (VLC)
- diversity methodologies

European Association on Antennas and Propagation

Czech Technical University in Prague
FEE, Dept. of Electromagnetic Field

Technická 2
166 27 Praha 6, Czech Republic

Web page:

<http://propagation.elmag.org>

Contact: Prof. Pavel Pechač

Phone: +420 224352252

E-Mail: pechac@fel.cvut.cz

Research Topics:

Propagation modelling and measurements for:

- mobile networks
- high elevation links (SatCom, HAP)
- low elevation links (UAV)
- terrestrial fixed links
- interference studies
