

European Association on Antennas and Propagation

Aalborg University

Department of Electronic Systems
Antennas, Propagation and Radio Networking

Niels Jernes Vej 12
9220 Aalborg East, Denmark

Web page:

<http://www.es.aau.dk/>

Contact: Gert Frølund Pedersen

Phone: (+45) 9940 8727

Email: gfp@es.aau.dk

Research Topics:

Massive MIMO measurements

High-speed, multiband, multisite MIMO measurements

Vehicle-to-vehicle MIMO measurements at highway speeds

Multiprobe over-the-air (OTA) device performance measurements

Radio on fiber connection for small antenna devices

MIMO channel measurements with user involvement

Diffuse scattering models indoors and outdoors

European Association on Antennas and Propagation

Aalborg University

Department of Electronic Systems
Section Navigation and Communications

Fredrik Bajers Vej 7B1
9220 Aalborg, Denmark

Web page:

<http://www.es.aau.dk/>

Contact: Bernard H. Fleury

Phone: (+45) 9940 8629

Email: fleury@es.aau.dk

Research Topics:

Radio channel characterization:

- Measurement
- Estimation
- Modelling

Positioning and navigation

Signal and Information Processing for Wireless Communications
