

European Association on Antennas and Propagation

Universidad de Vigo

Radio Systems

EE Telecomunicación

c/ Maxwell s/n.

Campus Lagoas-Marcosende, Universidad
de Vigo
36310 Vigo (Spain)

Web page:

<https://tsc.uvigo.es/es/investigacion/sistemas-de-radio>

Contact: Prof. Fernando Perez Fontan

E-Mail: ffontan@tsc.uvigo.es

Contact: Prof. Manuel García Sánchez

E-Mail: manuel.garciasanchez@uvigo.es

Research Topics:

Mobile propagation

Wideband radio channel sounding and modeling for:

- cellular networks (outdoor, indoor)
- millimeter wave and THz communications
- broadcasting

European Association on Antennas and Propagation

Universitat Politècnica de Catalunya
Campus Nord UPC

UNIVERSITAT POLITÈCNICA
DE CATALUNYA
BARCELONATECH

c/ Jordi Girona, 1-3
Barcelona, 08034, Spain

Web page:

<http://www.grcm.tsc.upc.edu/>

Contact: Jordi Perez-Romero

Phone: +34 93 4017195

E-Mail: jordi.perez-romero@upc.edu

Research Topics:

Propagation models for mobile communications:

- outdoor models
- indoor models

Spectrum occupation measurements for Cognitive Radio

Characterisation of TVWS

European Association on Antennas and Propagation

Universidad Politécnica de Madrid
Radiocommunications Group (GRC)
ETSIS Telecomunicación

Calle Nikola Tesla
28031 Madrid, Spain

Web page:

<http://grc.euitt.upm.es/>

Contact: César Briso-Rodríguez

Phone: +34 639120782

E-Mail: cesar.briso@upm.es

Research Topics:

Mobile communications

Propagation in complex environments

Railway communications

High frequency circuits and systems design

European Association on Antennas and Propagation

Universitat Politècnica de València
Telecommunications and Multimedia
Applications Research Institute (iTEAM)

UNIVERSITAT
POLITÈCNICA
DE VALÈNCIA

46022 Valencia, Spain

Web page:

<https://www.iteam.upv.es/>

Contact: Lorenzo Rubio Arjona

Phone: +34 963879739

E-Mail: lrubio@dcom.upv.es

Contact: Narcis Cardona

Phone: +34 963879582

E-Mail: ncardona@iteam.upv.es

Research Topics:

Propagation and channel models for:

- cellular networks (outdoor, indoor)
- vehicle-to-X communications
- UWB
- millimeter wave
- broadcasting

Channel sounding

European Association on Antennas and Propagation

Universidad Politécnica de Cartagena

Departamento Tecnologías de la Información y las Comunicaciones

Campus Muralla del Mar,
Antiguo Cuartel de Antigones, Plaza del Hospital, 1
30202 Cartagena, Spain

Web page:

<https://portalinvestigacion.upct.es/grupos/17642/detalle>

Contact: Dr. Jose-Maria Molina-Garcia-Pardo

Phone: +34 968 325363

E-Mail: josemaria.molina@upct.es

**Universidad
Politécnica
de Cartagena**

Research Topics:

Propagation and channel models for:

- cellular networks (outdoor, indoor)
- millimeter wave and THz communications
- UWB

European Association on Antennas and Propagation

Universidad Politécnica de Madrid
Microwaves and Radar Group (GMR)
ETSYS Telecomunicación

Ciudad Universitaria, 30
28040 Madrid, Spain

Web page:

<http://www.gmr.ssr.upm.es:8080/?page=members>

Contact: José I. Alonso

Phone: +34 636 578 670

E-Mail: ignacio@gmr.ssr.upm.es

Research Topics:

Planning radio mobile communications: LTE

Propagation and channel models for:

- cellular networks (outdoor, indoor)
- high speed railway environments
- complex environments (tunnels,)

European Association on Antennas and Propagation

Universidad Pública de Navarra
Institute of Smart Cities (ISC)-6GJCS

Campus Arrosadia, UPNA, 31006
Pamplona, Navarra, Spain

Web page:

<https://www.unavarra.es/sites/research-institutes/isc.html>

Contact: Prof. Francisco Falcone

Phone: +34 948 169082

E-Mail: francisco.falcone@unavarra.es

Research Topics:

Applied and computational EM

Geometric-stochastic channel modelling

RF to THz propagation measurement and modelling
