

European Association on Antennas and Propagation

Linköping University
Norrköping Campus

Web page:

<https://liu.se/en/employee/andgl73>

Contact: Andrés Alayón Glazunov

Phone: +46707490601

E-Mail: andres.alayon.glazunov@liu.se

Research Topics:

Antenna-channel interactions

Design and characterization of intelligent devices and environments for communications

Localization

Sensing applications

European Association on Antennas and Propagation

Chalmers University of Technology

Chalmersgatan 1, 412 96 Göteborg, Sweden

Web page:

<https://www.chalmers.se/en/persons/antjc/>

Contact: Jan Carlsson

E-Mail: antjc@chalmers.se

Research Topics:

Propagation measurements and simulations for:

- cellular networks (outdoor, indoor)
- vehicle-to-X communications

Antenna systems for communication systems
